

Where brands grow across marketplaces. **Seamlessly, efficiently, intelligently.**

MISSION · TODAY

One platform, every channel, for every brand.

VISION · WHERE WE'RE HEADED

When a brand sells anywhere, it runs through Nasam.

The problem: getting into the marketplaces

 **78,000+** active brands on their storefronts

 **< 20,000** reach the marketplaces

The operations wall

 Listings per channel	 Content & media
 Inventory sync	 Fulfillment deadlines
 Pricing after fees	 Ads & promotions
 Returns & penalties	 Cashflow reconciliation
58,000+ brands stay stuck behind it	

What's the impact

		
Time	Cost	Quality
10+ signals per platform, daily	extra employee, penalties, wrong pricing	poor brand reach, ratings drop

Our solution: Nasam opens the bottleneck

   **78,000+** active brands on their storefronts

      **Every marketplace** run from one place

From onboarding to cashflow: software and AI, with an operations team on top.

Why solve it now

Demand is paid
marketplaces buy the traffic

Inventory turnover
faster cycles, healthier cashflow

Competitors won't wait
first movers take the shelf

Business model: one platform, three ways to run it
